

## Corporate Giving Application

CCS' Corporate Giving Program provides charitable donations to non-profit organizations that provide important services at the local and national level. Applications are reviewed bi-monthly and are evaluated based on the following pillars:

### Environment:

As a leader in environmental stewardship, CCS believes in protecting our natural resources and ecosystems through conservation and long-term sustainability. We participate in and support sustainable environmental programs with long-term goals of creating a strong foundation for our future. Our partnerships and programs focus on long-term sustainability and innovative technology that have a positive impact on the environment. This includes education, recycling and conservation programs.

### Family:

At CCS, the culture is based around family. The company's success is attributed to its people and those people who support them. We believe in making a strong commitment to the communities in which we operate. CCS is an active supporter of social assistance programs that provide independence and essential services that improve quality of life.

### Safety:

CCS maintains the highest standard of safety for its employees. We support programs and initiatives that ensure a safe and productive work environment through education, technology and innovation.

### Aboriginal:

CCS is dedicated to working with Aboriginal people in the communities in which we operate. We value these relationships and want to continue to work with Aboriginal organizations on projects that relate to health, family, education and the environment.

### Education:

CCS fosters an environment of life-long learning and continuous improvement. We believe that education is essential to the growth and well-being of our employees and communities. CCS supports organizations that encourage learning and growth through education and knowledge sharing.

Please note that only organizations that fill out the corporate giving application will be considered for funding.

PLEASE NOTE: Do not alter any questions on the form. The application must be completed to be considered for funding.
