

## CCS INCOME TRUST ANNOUNCES LOUISIANA BASED ACQUISITION

**Calgary, September 11, 2006** - CCS Income Trust ("CCS") is pleased to announce that it has completed the acquisition of ARKLA Disposal Services Inc. and its affiliated companies ("ARKLA"). ARKLA is an industrial waste water treatment plant operating in the Port of Shreveport, Louisiana. The plant treats both produced water from area gas wells and various industrial waste streams.

"The successful acquisition of ARKLA is tangible evidence of our plan to extend the CCS service model to the U.S.," comments David Werklund, CCS' President and Chief Executive Officer. "ARKLA opens up new markets for CCS in northern Louisiana and Arkansas and provides opportunities for expansion in these markets and other adjacent geographic areas."

CCS acquired all of the outstanding shares of ARKLA for approximately CDN\$11.7 million. Consideration consists of CDN\$5.7 million in cash and CDN\$6.0 million in CCS Income Trust Units ("Trust Units"). The Trust Units will be held in escrow and released rateably over the next five years. In addition to the purchase price, ARKLA has CDN\$7.0 million of long term debt and will pay CDN\$0.7 million in retention bonuses to key employees over the next two years.

For the six months ended June 30, 2006, ARKLA generated unaudited revenue of approximately CDN\$4.0 million, with an operating margin of approximately 50.0%. CCS plans to add additional assets which will enable growth and operational efficiencies for this business.
