

## NEWS RELEASE

### CCS INCOME TRUST ANNOUNCES UPDATE ON U.S. BASED EXPANSION.

**CALGARY, APRIL 19<sup>TH</sup>, 2006** – CCS Income Trust ("CCS") announced today that it has entered into a conditional asset purchase agreement with Morton Salt to acquire salt caverns and related land rights located in Weeks Island, Louisiana. Conditional upon due diligence, which is underway, as well as regulatory and other approvals, CCS would acquire two caverns and necessary surface leases and access agreements required to develop the site for disposal and treatment of oil and gas exploration and production waste. Today's announcement follows the acquisition by CCS of Environmental Treatment Team, LLC ("ETT") on February 22<sup>nd</sup>, 2006. ETT has been renamed as CCS Energy Services LLC ("CCS USA").

"The Weeks Island caverns are a key component to be integrated with our platform acquisition of CCS USA. The caverns have the potential to be developed as the final disposal solution for wastes received through CCS USA's network of transfer stations," comments CCS President and CEO, David Werklund. "Once operational, the caverns will provide operational efficiencies to CCS USA through lower transportation and processing costs, higher barge utilization and lower residual solids disposal cost." This is the second phase in CCS's plans to export its successful operating model to the U.S. oil and gas market.

CCS USA was founded 14 years ago and operates three transfer stations and two processing facilities in the states of Louisiana and Alabama. CCS USA provides waste treatment and disposal services to the off-shore Gulf Coast oil and gas market. CCS Income Trust purchased all the outstanding equity interests of CCS USA on February 22<sup>nd</sup> for approximately CDN\$21.7 million.

*This press release contains certain statements that are not historical in nature and are forward-looking statements. These forward-looking statements include statements relating to the Trust's plans, strategies, objectives, expectations, intentions and resources which are not guarantees as to the Trust's future results since there are inherent difficulties in predicting future results. When used throughout this report, the words "anticipate," "expect," "project," "believe," "estimate," "forecast," "intends," and similar expressions identify forward-looking statements, which include statements relating to pending and proposed projects and business activities. Such statements are subject to certain risks, uncertainties and assumptions pertaining to operating performance, regulatory parameters, weather and economic conditions and, in the case of pending and proposed projects, risks relating to design and construction, regulatory processes, obtaining financing and performance of other parties, including partners, contractors and suppliers. Accordingly, actual results could differ materially from those expressed or implied in forward-looking statements.*

*CCS Income Trust (TSX: CCR.UN) is a recognized industry leader providing integrated and environmentally responsible solutions along with other complementary energy services. Headquartered in Calgary, Alberta, CCS provides a diverse number of services across four divisions. CCS Energy Services provides oilfield waste treatment, recovery and disposal. The second division, HAZCO Environmental Services Ltd. provides integrated remediation, waste management and decommissioning solutions. The third division, Concord Well Servicing, manages well completions, workovers and abandonments utilizing a fleet of 53 service rigs. In 2004, CCS initiated its CCS Energy Marketing division which provides crude oil and condensate marketing services to CCS Energy Services and third parties.*
